Recertification Point Structure

Effective for points earned 1/1/2020 or later

The purpose of the recertification program is to confirm the continued competence of ABC certificants in the field in which they hold certification. Activities for claiming recertification points should reflect this purpose and be relevant to forensics.

Supporting documentation must be provided for all points claimed. Supporting documentation includes certificates, membership cards, receipts, transcripts, meeting programs, or memos documenting the activity. The purpose of the supporting documentation is to provide a record that the certificant completed the activity during the year of activities being reported. Points will not be granted if supporting documentation is not received.

Certificants must earn points in the following sections:

- 10 points per certification cycle in Section I, Professional Involvement
- 15 points per certification cycle in EACH specialty certification the certificant holds; GKE and FKE are not specialty certifications
- A total of 50 points in each certification cycle
 - Certificants with more than one specialty certification must earn an additional 15 points for each additional specialty certification. For example, certificants with two specialty certifications must earn 65 points and a certificant with three certifications must earn 80 points per certification cycle.

In some instances, the certificant may choose which section the recertification points are allotted to. The points may only be allotted to one section. If the recertification points are applicable to more than one specialty certification, they may be claimed for each applicable specialty.

The sections are as follows:

- Section I, Professional Involvement
- Section II, Forensic Skill Building
- Specialty

Please take note: The chart below indicates the points allotment for each activity, special instructions regarding activities, and which section each activity can be claimed under. Each activity can only be claimed in one section. The chart defines what documentation must be submitted for points to be accepted. To ensure that you receive all your points, ensure that the documentation you provide meets the criteria defined in the chart. If you are claiming points for an event that has not already been approved (as found on the Approved Courses spreadsheet on the website), it is encouraged that you submit the course for approval prior to January 1. A link is provided on the website for submission of courses for approval.

Other activities or circumstances a certificant feels should be considered under recertification should be submitted to the ABC Board by January 1 prior to submitting recertification paperwork. The activities and circumstances will be considered on an individual basis. Please refer to www.criminalistics.com for further information and forms to have a training course pre-approved by the ABC.

A half day is defined as 3 to < 6 scheduled hours and a full day is 6 scheduled hours or more.

- Activities that are less than 3 hours can be combined to claim a half day or full day. When combining activities, divide the total number of hours by 6 to determine the points that you can claim. You can only claim points in one-half increments.
- In-person workshop hours cannot be split. Points can be claimed for the scheduled hours of the workshop and may include breaks, lunches, early release, etc.

Changes since the last revision have been highlighted.

Point calculations are the same for in-person and online.

Examples:

1. **Half-Day Workshop**

Workshop 1: 3 hrs. (half day)

Points Claimed = 1.5 points

2. **Combining Points**

Workshop 1: 2.5 hrs.

Workshop 2: 2.5 hrs.

Workshop 3: 2.5 hrs.

Points Claimed = 7.5 hrs. (3 pts.)

or

7.5 hrs. divided by 6 is 1.25 days (3 pts.)

3. **In-person Workshop With a Short Day**

Day 1: 8 hrs.

Day 2: 2 hrs.*

Points Claimed = 1 full day (3 pts.)

* Note Day 2 does not meet minimum requirement of 3 hrs. for a half day and cannot be combined with other activities

4. **Workshop With a Long Day**

Day 1: 8 hrs.

Day 2: 12 hrs.

Points Claimed = 2 full days (6 pts.)

Changes since the last revision have been highlighted.

Unlisted Professional Activities

Other activities or circumstances a Diplomate, Fellow or Affiliate feels should be considered under recertification should be submitted to the ABC Board by January 1 prior to submitting recertification paperwork. The activities and circumstances will be considered on an individual basis. Please refer to www.criminalistics.com for further information and forms to have a training course accepted by the ABC.
