

Dormancy Request

Dormancy of an ABC Certification may be requested for a life changing event that prevents a certificant from maintaining certification. Dormancy may be requested one time per life changing event and may range from 6 months to three years. Extensions may be filed, but shall not exceed three years total time. During dormancy, a certificant must continue to annually submit the maintenance fee and signed Rules of Professional Conduct (09-0001F). Failure to submit both by March 1 of each year during dormancy may result in late fees.
